

This is a translation of the certificate AT23/00000016

The management system of

SGS

Mosdorfer GmbH

Mosdorfergasse 1, 8160 Weiz, Austria

has been assessed and certified as meeting the requirements of
ISO 45001:2018

For the following activities

Development, manufacture, technical calculation and sale of overhead line fittings for low voltage, medium voltage high voltage, extra-high voltage und ultra-high voltage which includes also steel, aluminium and copper hardware and clamps for tension and suspension insulator strings, substation fittings and equipment, spacers, spacer dampers, vibration dampers for bare and insulated cables, railway systems, telecommunication lines and switches as well as hot dip galvanised coatings on fabricated iron and steel articles.

This certificate is valid from 15 December 2024 until 14 December 2027 and remains valid subject to satisfactory surveillance audits.

Issue 2. Certified since 24 March 2023

Multiple certificates have been issued for this scope, the main certificate is numbered AT23/00000016

Certified activities performed by additional sites are listed on subsequent pages.

Issue 2

Sites

Mosdorfer GmbH

Mosdorfergasse 1, 8160 Weiz, Austria

Development, manufacture, technical calculation and sale of overhead line fittings for low voltage, medium voltage high voltage, extra-high voltage und ultra-high voltage which includes also steel, aluminium and copper hardware and clamps for tension and suspension insulator strings, substation fittings and equipment, spacers, spacer dampers, vibration dampers for bare and insulated cables, railway systems, telecommunication lines and switches as well as hot dip galvanised coatings on fabricated iron and steel articles.

MLP s.r.o.

Rybárska 1, 915 01 Nové Mesto nad Váhom, Slovakia

Manufacture of sheaves, overhead line fittings for low voltage, medium voltage, high voltage, extra-high voltage und ultra-high voltage which includes also steel, aluminium and copper hardware and clamps for tension and suspension insulator strings, substation fittings and equipment, spacers, spacer dampers, vibration dampers for bare and insulated cables, railway systems, telecommunication lines and switches.

Lorünser Slovakia

Javorinská 1029/2, 90701 Myjava, Slovakia

Manufacture of sheaves, overhead line fittings for low voltage, medium voltage high voltage, extra-high voltage und ultra-high voltage which includes also steel, aluminium and copper hardware and clamps for tension and suspension insulator strings, substation fittings and equipment, spacers, spacer dampers, vibration dampers for bare and insulated cables, railway systems, telecommunication lines and switches.

Mosdorfer CCL Systems Ltd.

Market Overton Industrial Estate Ironstone Lane, Market Overton, Oakham, Rutland LE15 7TP, United Kingdom

Design, development, manufacture and supply of fittings, tools and accessories for high, medium and low voltage overhead lines, insulators, underground cable accessories, substation fittings and equipment.

Mosdorfer India Pvt. Ltd

403C, Wing B1, Marathon Innova, Opp. Peninsula Corporate Park, Lower Parel, Mumbai 400 013, India

Design, development, manufacture, technical calculation and sale of overhead line, telecommunication lines OPGW hardware fittings and conductor accessories for low voltage, medium voltage, high voltage, extra-high voltage and ultra-high voltage which includes steel, aluminium and copper fittings and accessories for tension and suspension insulator strings, spacers, spacer dampers, vibration dampers for cables and conductors, ferrous and non-ferrous articles, railway OHE fittings, substations and distribution fittings, modular cantilever system, traction overhead equipment's, high tension regulating equipment's (ATD), isolators, earthing devices, section insulator assembly, high speed railway track devices, metro's track devices as well as fabricated structures including hot dip galvanization coating on fabricated iron steel articles.
