

This is a translation of the certificate AT23/00000013

The management system of

SGS

## Mosdorfer GmbH

Mosdorfergasse 1, 8160 Weiz, Austria

has been assessed and certified as meeting the requirements of  
**ISO 9001:2015**

For the following activities

Development, manufacture, technical calculation and sale of overhead line fittings for low voltage, medium voltage high voltage, extra-high voltage und ultra-high voltage which includes also steel, aluminium and copper hardware and clamps for tension and suspension insulator strings, substation fittings and equipment, spacers, spacer dampers, vibration dampers for bare and insulated cables, railway systems, telecommunication lines and switches as well as hot dip galvanised coatings on fabricated iron and steel articles.

This certificate is valid from 15 December 2024 until 14 December 2027 and remains valid subject to satisfactory surveillance audits.

Multiple certificates have been issued for this scope, the main certificate is numbered AT23/00000013

Issue 3. Organization certified since 10 May 1995 and first certified by SGS on 15 December 2015.

Certified activities performed by additional sites are listed on subsequent pages.

### Sites

Mosdorfer GmbH

Mosdorfergasse 1, 8160 Weiz, Austria

Development, manufacture, technical calculation and sale of overhead line fittings for low voltage, medium voltage high voltage, extra-high voltage und ultra-high voltage which includes also steel, aluminium and copper hardware and clamps for tension and suspension insulator strings, substation fittings and equipment, spacers, spacer dampers, vibration dampers for bare and insulated cables, railway systems, telecommunication lines and switches as well as hot dip galvanised coatings on fabricated iron and steel articles.

Lorünser Austria GmbH

Bahnhofstraße 9, 6824 Schlins, Austria

Development, projecting, production and sale of components for substations, overhead line fittings and sheaves.

MLP s.r.o.

Rybárska 1, 915 01 Nové Mesto nad Váhom, Slovakia

Manufacture of sheaves, overhead line fittings for low voltage, medium voltage, high voltage, extra-high voltage und ultra-high voltage which includes also steel, aluminium and copper hardware and clamps for tension and suspension insulator strings, substation fittings and equipment, spacers, spacer dampers, vibration dampers for bare and insulated cables, railway systems, telecommunication lines and switches.

Lorünser Slovakia

Javorinská 1029/2, 90701 Myjava, Slovakia

Manufacture of sheaves, overhead line fittings for low voltage, medium voltage high voltage, extra-high voltage und ultra-high voltage which includes also steel, aluminium and copper hardware and clamps for tension and suspension insulator strings, substation fittings and equipment, spacers, spacer dampers, vibration dampers for bare and insulated cables, railway systems, telecommunication lines and switches.

EA Elektroarmaturen AG

Ebnatstrasse 150, 8201 Schaffhausen, Switzerland

Development and sales for overhead transmission line fittings and substation equipment.

DAMP s.r.l.

Via Leonardo da Vinci 15, 24060 Carobbio degli Angeli BG, Italy

Development, manufacture, technical calculations and sale of overhead line and cable fittings, spacers spacer dampers and vibration dampers for low voltage, medium voltage, high voltage, extra-high voltage and ultra-high voltage. Development, technical calculations, and sale of Rail products.

### Sites

Mosdorfer Rail Ltd.

2-4 Orgreave Place, Orgreave Sheffield S13 9LU, United Kingdom

Manufacture of Tensioning Devices and Supply of Components and Systems for the Electrification of Rail.  
Sales of Electrical and Mechanical Products and Related Services.

Mosdorfer CCL Systems Ltd.

Market Overton Industrial Estate Ironstone Lane, Market Overton, Oakham, United Kingdom

Design, development, manufacture and supply of fittings, tools and accessories for high, medium and low voltage overhead lines, insulators, underground cable accessories, substation fittings and equipment.

Mosdorfer Upresa Rail

C/Emporda nrs 6, 7, 8, 9 and 11., Polígono Industrial Congost 08403 Granollers, Spain

The production of:

- Substation connectors in low and medium voltage, distribution connectors and railway connectors.
- Safety equipment and earthing connectors for substation and railway.
- Insulators for catenary.
- Section insulators for catenary.
- Railway lines automatic tensioning devices.

The commercialization of:

- Insulators for catenary.
- Light pole recess mounted cut-out junction boxes.
- Connectors and sections insulators for railway.
- Connector for low and medium voltage for electrical distribution.
- Safety equipment and material for railway.

Mosdorfer India Pvt. Ltd

403C, Wing B1, Marathon Innova, Opp. Peninsula Corporate Park, Lower Parel, Mumbai 400 013, India

Design, development, manufacture, technical calculation and sale of overhead line, telecommunication lines OPGW hardware fittings and conductor accessories for low voltage, medium voltage, high voltage, extra-high voltage and ultra-high voltage which includes steel, aluminium and copper fittings and accessories for tension and suspension insulator strings, spacers, spacer dampers, vibration dampers for cables and conductors, ferrous and non-ferrous articles, railway OHE fittings, substations and distribution fittings, modular cantilever system, traction overhead equipment's, high tension regulating equipment's (ATD), isolators, earthing devices, section insulator assembly, high speed railway track devices, metro's track devices as well as fabricated structures including hot dip galvanization coating on fabricated iron steel articles.
